Welcome to the Archives Portal Europe

The Archives Portal Europe provides access to information on archival material from different European countries as well as information on archival institutions throughout the continent.

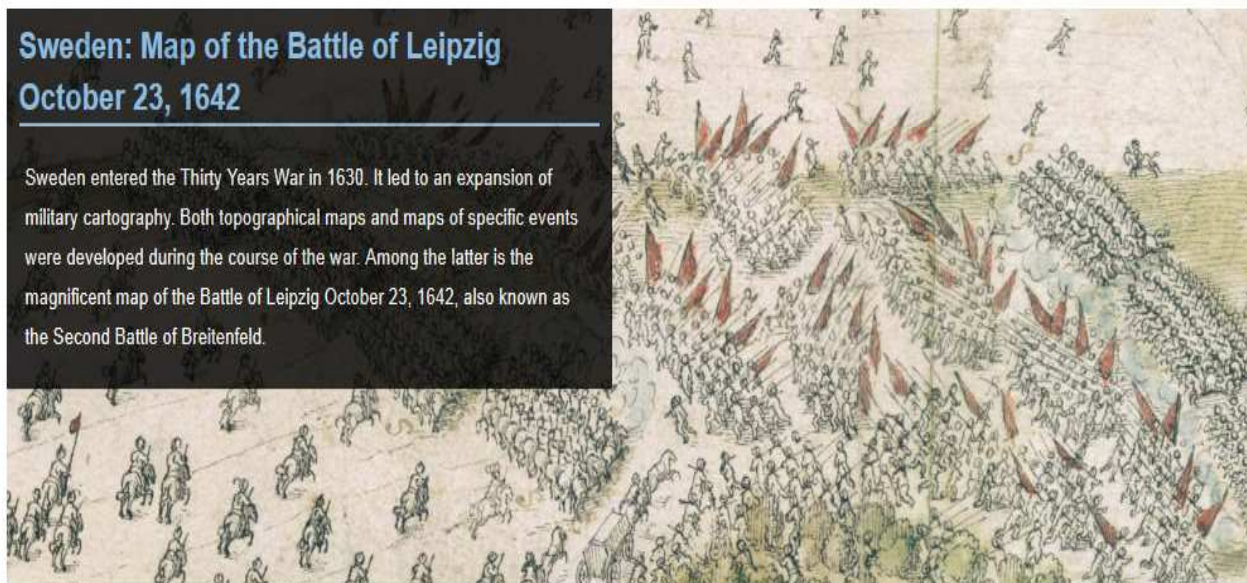

Search

- ☐ View result(s) in context
- ☐ Only material with digital objects

You can search in 37,472,446 descriptive units linked to more than 125,000,000 digital objects from 270 institutions.

Sweden: Map of the Battle of Leipzig October 23, 1642

Sweden entered the Thirty Years War in 1630. It led to an expansion of military cartography. Both topographical maps and maps of specific events were developed during the course of the war. Among the latter is the magnificent map of the Battle of Leipzig October 23, 1642, also known as the Second Battle of Breitenfeld.

Joint access to European archives

By giving access to archival material from all over Europe, the Archives Portal Europe provides the opportunity to detect common relations in a comprehensive approach while at the

Combined search facilities

In addition to a simple full text search, the Archives Portal Europe offers an advanced search concentrating on aspects such as dates as well as a navigational search for browsing

1.2. Zoeken naar archiefgidsen nieuwe stijl

- Thematische insteek
- Door archivariissen of door onderzoekers ?

Looking for a subject?

The research guidance listed below can help you explore a particular historical subject.

Each guide indicates how to find access and understand records to support your research. Records at The National Archives are arranged by government department or court, not by subject. These guides will help you identify which departments and courts kept the relevant records

If you can't find what you're looking for, try searching under topics in our [research guidance A-Z](#). If you are new to searching archives, [start here](#).

The most popular records on the subject of the First World War at The National Archives are within departments [WO](#), [HO](#), [PREM](#) and [FO](#).

There is likely to be some overlap between

II

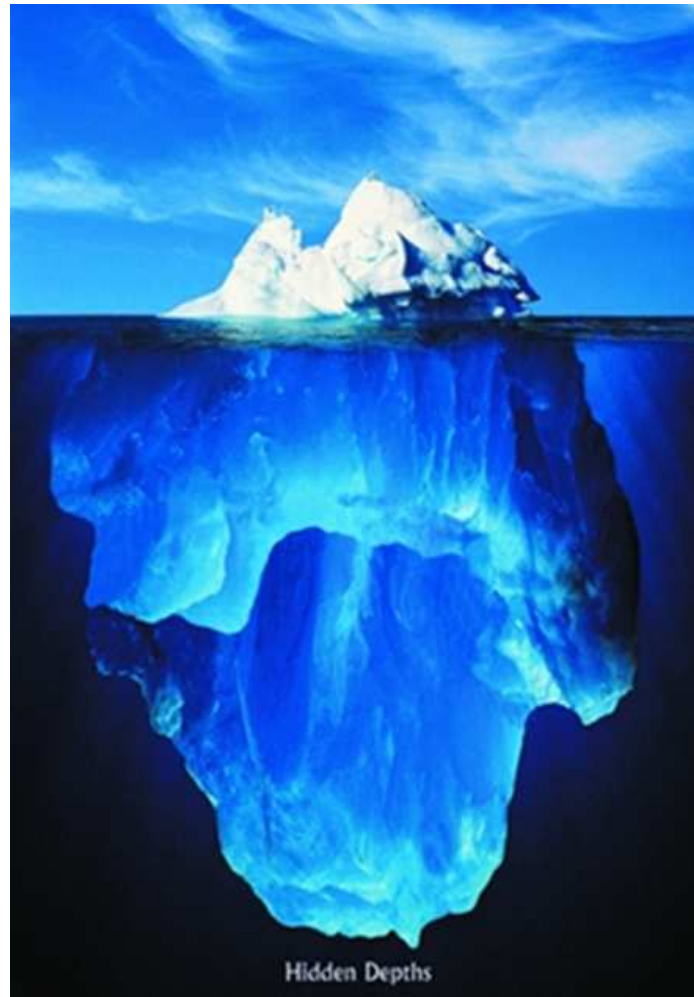

2.1. Organisch gegroeide archieven versus kunstmatige collecties

- Klassiek onderscheid
- Bestanden getekend door archiefvorming,
collecties door latere bewerking
- Milde grijstinten in coherentie en
contextgebondenheid
- Een voorbeeld: Archief van de Insolvente
Boedelskamer (Elien Doeselaere)

2.2. Archieven als ruïnes

- Archief als “*a sliver of a sliver*” (Verne Harris)
- Geen sinecure om reductie/verlies aan te duiden of te benoemen
- Meer dan een archivarissenverhaal
- Comparatieve benadering maakt klassieke inventarisatieopdrachten veel waardevoller

III

3. De ontsluiting van de vormenrijkdom van archief

-Hidden collections !

-MF&F: inventarissen ontsluiten archieven,
niet de inhoud van archieven

-De crux van formele beschrijvingen

20-26.Dekenale visitatierapporten.

7 delen

- 20. 1635-1641.
- 21. 1642-1650.
- 22. 1651-1654.
- 23. 1655-1660.
- 24. 1661-1667.
- 25. 1667-1677.
- 26. 1677-1701.
